

Five spacious studios, among which one is equipped for handicapped people, allow you to stay on site. They offer a high level of comfort with a reversible air conditioning system, an advanced thermic and acoustic insulation and double glazing windows. You will find two upscale beds, a full bathroom, a completely equipped kitchenette, a flat screen TV and a high-speed Internet connection. A table and two chairs are at your disposal outside on a private terrace near a small woods.

These studios are opened all year long to anyone who wants to follow a special horse-riding training. However, you do not have to be an equestrian to enjoy our fine facilities. All are welcome to come and experience a unique environment to visit this beautiful region in the Loire valley.
